

CHANDRESH TECH

MANGANESE SULPHATE MONOHYDRATE

CAS NO. 10034-96-5 / EC NO. 232-089-9

Net wt. 25Kg / 50Kg

- It can be applied as fertilizer, feedstuff additive the material of paint and ink, or the material of electrolysis manganese and other manganese salt.
- Optimum purity
- Compositional accuracy
- High effectiveness

MARKETED BY:

CHANDRESH TECH

**F-6, Maharshi Complex, Nr. Under Bridge, Sardar Patel Colony,
Naranpura. Ahmedabad - 380 013, Gujarat, India.**

MANUFACTURED BY:

CHANDRESH TECH

Plot No. 3351, Phase IV, Chhatral GIDC, Gujarat, India.

**DANGER : May cause damage to organs
through prolonged or repeated exposure
Toxic to Aquatic Life**

PRODUCT DATA SHEET

MANGANESE SULPHATE MONOHYDRATE

Product	CAS No.	EC No.	Version	Date
Manganese Sulphate Monohydrate	10034-96-5	232-089-9	01	22-07-19

Manganese Sulphate General Description

Product Name	Manganese Sulphate
Synonyms	Slightly pink powder
rCAS No.	MnSO ₄ H ₂ O:98%
Chemical Formula	MnSO ₄ H ₂ O

Manganese Sulphate Physical Description

Odor	Odorless
Mol Weight	169.0
Density	2.950
Solubility	Soluble
Boiling Point	8500 C
Melting Point	4000 C
Property	Easy soluble in the water, stable under ordinary conditions
Chemical Category	Sulfate

Suggested Application

Intermediate for agrochemicals and as a soil micro nutrient.

Packing

25 Kg / 50 Kg HDPE Bags.
Other special packing available on request.

Note

These are general specifications. We can offer product as per requirement of the customer.

Storage

Keep Cool store in a well-ventilated place.
